

PARISH NETWORK LAUNCHING SPRING 2015

• Website Features

Free website design, website URL, and hosting. Personalize your website with parish content, colors, and photos using our customized templates.

• Easy-to-Update

Empower your parish team to maintain and update assigned pages of the website, and upload photos of parish community events.

• Flexible Design

A streamlined, consistent user experience across all platforms - desktops, laptops, tablets, and smartphones.

• Parish Registration

Automate your parish registration through our multilingual parish registration forms, to deliver information directly to your inbox.

• Catholic News Headlines

Fresh and exciting news content from The Tablet Newspaper, Nuestra Voz, and NET TV automatically delivered to your homepage every day.

• Social Media

Your Facebook and Twitter updates will be incorporated across all pages of the site.

• Parish Events

Feature your parish events, fundraisers, or notices prominently on your homepage with simple drag-and-drop technology. Updates to your parish Google calendar appear automatically on your website.

• Ecommerce

In phase two of the Parish Network project, we are offering parishes the opportunity to implement a secure online giving platform with a national bank. Fundraising, collections, and gifting will be available right from your website.
